1.0 (Four year average)

R.H. Contracting, Inc., established in 2009, is a full-service General Contractor, Environmental Services and Construction Management Company. R.H. Contracting is SBA Certified 8(a) Participant, and a Minority Owned Small Business. Our primary focus is in the Government Construction market, specializing in Design/Build new and renovation construction, bid build construction and performing mission critical/specialty projects working in and around highly sensitive equipment and work areas on the Wallops Island Facilities. We have also been recently involved in numerous VDOT projects and many smaller projects on the commercial side.

Our staff and management has extensive experience in government construction, past clients include the USACE, US Navy, NASA, and NOAA. We have successfully completed several projects located on Wallops Island Flight Facility, Fort Eustis and Fort Lee . Our location is less than three miles from the Wallops Island Facility.

Our present and past experience includes many projects that demonstrates our capabilities:

- **Bid/Build GC- VDOT, Emporia I-95 Chemical Storage Building, Emporia VA, \$426,645**
- **Wallops Island, VA- Numerous projects as SC at the V-10, R-10, V-24 facilities, U-070, NAVFAC/GC's , \$292,000**
- **Renovations at the Historical Fort Norfolk Site, Norfolk VA, USACE/GC, \$286,702**
- **TA-28 Timber Bridge Conversion- Renovated 450' long railroad bridge, USACE/GC- \$321,101**
- **Bid/Build GC-VDOT, Temperanceville AHQ Chemical Storage Building, Temperanceville VA, \$265,362.69**
- **Renovations to existing Verizon Buildings various locations, Verizon-Diversified Enterprises of VA, \$128, 646**

R.H. Contracting self-performed approximately 75% - 85% of these contracts, including Project/Construction Management, Quality Control, Safety and Supervision.

Offeror:	R.H. Contracting, Inc.	
Project Title:	V-24 Tower FRP Grating and Handrail Replacement	
Contract Number:	NAS5-01080	
DUNS Number:	052879282	
Location:	Wallops Island, VA	
Award Date:	September 14, 2012	Completion Date: September 28, 2012
Original Value:	\$50,000.00	Final Value: \$68,055.74
Type of Contract:	Firm Fixed Price	
Prime:	Self Performed 100%	
Sub Contracted Out:	0%	

**Project Description:** The project included the removal and replacement of the existing Fiberglass Reinforced Plastic (FRP) grating, ladders, and handrails for a 160' Navy multiple level V-24 Sensor Tower and Weapons Platforms. The most work included potential and existing hazards like RAD/HAZ. The Mast had to be tagged out daily by Navy personnel, all of our employees had to be trained in fall protection, wear safety harnesses and fall arrest gear at all times while performing the work. The project was completed on 12 hour shifts. Single level shutdown while the rest of the tower remained operational.
